

## **MATSON TO CONTRIBUTE \$350,000 IN SHIPPING SERVICES TO GUAM RELIEF EFFORT**

May 29, 2023

HONOLULU (May 29, 2023) – Matson announced today that it will contribute \$350,000 in transportation and in-kind services toward disaster relief in Guam, Micronesia and the CNMI, and expects to begin delivering relief supplies on voyage *Manukai 237*, scheduled to arrive on Tuesday, June 6.

On Sunday, May 28, Matson's vessel *Maunawili*, which had been positioned offshore earlier in the week to shelter from Typhoon Mawar, was the first containership to arrive following the reopening of the Port of Guam and began discharging 454 containers of general goods.

"Thanks to the focused efforts of the Guam Government, the Port Authority of Guam and the U.S. Coast Guard to reopen the port, we were able to deliver goods to Guam within days of the storm passing," said Matt Cox, chairman and CEO of Matson.

"We want the people of Guam, Micronesia and CNMI to know that they can count on Matson to help our communities recover in the difficult weeks ahead. We are committed to helping with recovery efforts in the way we know best -- by delivering needed supplies, equipment, and donations to Guam as quickly and efficiently as possible."

Matson operates a weekly direct service from the U.S. West Coast with the largest containerships serving Guam and provides connecting service to islands of the Commonwealth of the Northern Mariana Islands (CNMI), the Federated States of Micronesia (FSM), the Republic of the Marshall Islands (RMI), and Palau.

Matson is working with FEMA and the American Red Cross to facilitate shipments of relief supplies to Guam for the recovery process in the coming weeks and months. The company is also working with community organizations in Hawaii that are leading Guam relief efforts, providing transportation of donated goods to Guam in the coming weeks.

Matson has served Guam since 1996. For detailed service schedules and other information, please visit [Matson.com](https://www.matson.com).

### **About Matson**

Founded in 1882, Matson (NYSE: MATX) is a leading provider of ocean transportation and logistics services. Matson provides a vital lifeline of ocean freight transportation services to the domestic non-contiguous economies of Hawaii, Alaska, and Guam, and to other island economies in Micronesia. Matson also operates premium, expedited services from China to Long Beach, California, provides service to Okinawa, Japan and various islands in the South Pacific, and operates an international export service from ports in Alaska to Asia. The Company's fleet of owned and chartered vessels includes containerships, combination container and roll-on/roll-off ships and custom-designed barges. Matson Logistics, established in 1987, extends the geographic reach of Matson's transportation network throughout North America and Asia. Its integrated, asset-light logistics services include rail intermodal, highway brokerage, warehousing, freight consolidation, supply chain management, and freight forwarding to Alaska.
