PAUL K. ITO NAMED A&B CONTROLLER

HONOLULU - (April 17, 2006) - Alexander & Baldwin, Inc. (NASDAQ: ALEX) announced today that its board of directors has named Paul K. Ito to the position of controller, effective May 1, 2006. Ito will replace Thomas A. Wellman, who is leaving A&B to join another company. Ito will be responsible for accounting, internal controls and financial reporting for the Company.

"We are very pleased to be able to promote someone of Paul's skill level and experience to this position," said A&B Senior Vice President and Chief Financial Officer Christopher J. Benjamin, to whom Ito will report. "Paul is extremely talented and has technical expertise that is invaluable in this era of increasingly complex accounting and reporting standards. After nine years with Deloitte & Touche, most recently as a member of the firm's national office accounting consultation and research group, Paul joined A&B one year ago and has helped broaden and strengthen our internal audit function as its director. He is highly qualified to take on his new role as controller."

Benjamin continued, "Tom Wellman has made innumerable contributions to A&B over the past 17 years, including ten years as controller. We have Tom to thank for developing and overseeing an accounting, reporting and control environment of the highest integrity. We wish him well in his new role as chief financial officer of The Gas Company, another long-standing, well-respected Hawaii firm, as he assumes that position upon its expected acquisition by New York-based Macquarie Infrastructure Company."

A&B President and CEO Allen Doane also announced the appointments of Benjamin as treasurer, a position previously held by Wellman, and of Timothy H. Reid as assistant treasurer. Reid also is treasurer of A&B's Matson Navigation Company subsidiary. "Chris, Tom and Tim have worked closely together over the past two years to enhance the Company's balance sheet, negotiate both secured and unsecured facilities, and reduce the company's cost of capital," Doane said. "These appointments not only recognize the contributions of Chris and Tim in this process, but will ensure a seamless transition in the treasury function."

Additional information on these individuals:
