Appendix

Appendix – Non-GAAP Measures

Matson reports financial results in accordance with U.S. generally accepted accounting principles ("GAAP"). The Company also considers other non-GAAP measures to evaluate performance, make day-to-day operating decisions, help investors understand our ability to incur and service debt and to make capital expenditures, and to understand period-over-period operating results separate and apart from items that may, or could, have a disproportional positive or negative impact on results in any particular period. These non-GAAP measures include, but are not limited to, Earnings Before Interest Expense, Interest Income, Income Taxes, Depreciation and Amortization ("EBITDA"), and Return on Invested Capital ("ROIC").
